

Your Honor,

At 8:00 P.M. On Halloween 2017 I answered the phone to hear our daughter J [REDACTED] sobbing S [REDACTED] is dead, S [REDACTED] is dead. My God, I thought, was it an auto accident? A health emergency? Unbelievable this nightmare began. S [REDACTED] was taken from us, Our bright light, cheerful, generous, and loving. No more will I hear her delightful "Hi Grandma, I'm doing good". For Our daughter K [REDACTED], her only daughter S [REDACTED], her pal, meant K [REDACTED] has to be a hero everyday. A [REDACTED] {her brother} also has to be without his sister S [REDACTED], he now lives to support K [REDACTED] while trying to handle his own painful loss. So many of us miss Our S [REDACTED].

Because a gun had been purchased and provided to their household. S [REDACTED] and her baby M [REDACTED] were taken away from us.

I saw her love for people especially children. I know she would be touching hearts of all that would have had a chance to meet her. Now we have to deal with this heartbreakin loss. S [REDACTED] {my granddaughter} and M [REDACTED] {my great granddaughter} were taken from us too early, all because a gun was available to an angry and callous person.

I came across this saying and it touched my heart and describes how I feel about my S [REDACTED]. I think about her daily just like this saying " The Loss of Her will Be Forever"

We are asking for Justice for Our M [REDACTED] Girls.

A [REDACTED] B [REDACTED] Grandmother of S [REDACTED] and Great Grandmother of M [REDACTED]
